

Temperature Sensor - Infrared

Temperature sensor. Fluke infrared hand-held. Rugged, reliable, able to be recalibrated if required.

TECHNICAL SPECIFICATIONS

Range -30 to +500 °C (-22 °F to 932 °F)

±1.5 °C or ±1.5% of reading, whichever is greater. -10 °C to 0 °C: ±2.0, -30 °C to -10 °C: ±3.0

Repeatability of Readings ±0.8% of reading or below ±1.0 °C (2 °F), whichever is greater

Power AA battery

Standards and Agency Approval: Compliance EN/IEC 61010-1: 2001, Laser Safety FDA and EN 60825-1 Class II
